Covid-19 Mediation Service for Schools

The Scottish Mediation Covid-19 mediation service is available to support children, families and schools to support any difficulties or tensions that may arise as a result of the return to school.

The nature of the difficult situation can be wide ranging. It can be a dispute between pupils, parents or teachers or a combination. It could be to do with coping with new restrictions and rules around social distancing, or just day-to-day challenges in the school day that have been exacerbated by COVID-19.

To discuss your situation and find out whether the mediation service is right for you, please contact us using the details below. If helpful, we will also be able to tell you about our peer mediation training opportunities which may offer an alternative means of dealing with any difficulties within the school environment.
